Responsible Original Delivery Starting Brief

- Specify: Which evidence separates life period from narrative voice in this case? Specify the intended user, purpose and boundary.
- Clear: How does source basis change the interpretation of selection and omission? Clear material, rights, safety and authority concerns.
- Create: What boundary on historical setting must be checked before relying on reflection? Create the work independently from traceable evidence.
- Challenge: Which observation links narrative voice to historical setting, and what remains uncertain? Challenge accuracy, accessibility and unintended risk.
- Correct: What alternative explanation could account for both selection and omission and life period? Correct the evidenced gaps without copying a reference work.
- Edition success means: produce a response that does not imitate the source's wording or style

Discussion Guide

This format is designed to prepare open questions and balanced participation. For biography and memoir, apply the method in a deliberate sequence: move from observation to interpretation and invite evidence for differing views. The edition target is write an original response, so each entry should show what was noticed, what was tried and what changed.

Working step	What to record	Evidence or source	Status
Specify Life Period	Which evidence separates life period from narrative voice in this case?	Use brief / date	Open / checked
Clear Narrative Voice	How does source basis change the interpretation of selection and omission?	Clearance / date	Open / checked
Create Source Basis	What boundary on historical setting must be checked before relying on reflection?	Original output / date	Open / checked
Challenge Selection And Omission	Which observation links narrative voice to historical setting, and what remains uncertain?	Independent review / date	Open / checked
Correct Historical Setting	What alternative explanation could account for both selection and omission and life period?	Correction record / date	Open / checked
Release Reflection	What next check on reflection would make the record about source basis more useful?	Release record / date	Open / checked

Completion Standard

- Keep the work tied to biography and memoir, not to a vague general intention.
- Apply this adjustment: paraphrase, cite minimal necessary evidence and develop a distinct idea
- Is the output original, traceable and suitable for its stated use?
- Expose this outcome risk if it appears: the released version is not traceable.
- Use original notes and explanations; quote only when necessary, lawful and properly attributed.
- Ask a reader, educator, librarian, editor or rights adviser to challenge one material assumption where appropriate.
- Close with one decision and one follow-up rather than an unranked list of ideas.

Working Note

Edition BOOK-11-03-09 pairs discussion guide with the outcome 'Write an Original Response'. That pairing is the boundary for this workbook: material that does not help that outcome belongs in a separate record.

Guided Session x Responsible Original Delivery Focused Practice Lab

This lab pairs a guided session method with a responsible original delivery outcome lens. Work through the six actions to turn the subject focus - separate remembered experience, documented fact and author perspective - into evidence for write an original response. Preserve any gap that prevents a supported conclusion.

#	Action	Constraint	Record
1	Frame / Specify selection and omission	Which evidence separates life period from narrative voice in this case? Specify the intended user, purpose and boundary.	Readiness / Use brief
2	Prompt / Clear historical setting	How does source basis change the interpretation of selection and omission? Clear material, rights, safety and authority concerns.	Brief / Clearance
3	Observe / Create reflection	What boundary on historical setting must be checked before relying on reflection? Create the work independently from traceable evidence.	Observation / Original output
4	Listen / Challenge life period	Which observation links narrative voice to historical setting, and what remains uncertain? Challenge accuracy, accessibility and unintended risk.	Response / Independent review
5	Summarise / Correct narrative voice	What alternative explanation could account for both selection and omission and life period? Correct the evidenced gaps without copying a reference work.	Access check / Correction record
6	Close / Release source basis	What next check on reflection would make the record about source basis more useful? Release only with ownership, version and review details.	Close / Release record

Common Failure Modes

- For selection and omission, watch for a participant misunderstands the task together with the intended use is vague.
- For historical setting, watch for the first observation is incomplete together with a right or safety concern is ignored.
- For reflection, watch for one voice dominates together with the work imitates a source.
- For life period, watch for comfort or access changes together with review is not independent.
- For narrative voice, watch for feedback conflicts together with a correction creates new copying.

Independent Review Question

Format question: What changed between the first observation and the considered response? Outcome question: Is the output original, traceable and suitable for its stated use? Ask a reader, educator, librarian, editor or rights adviser where appropriate, then answer before the next reading session: _____
