Responsible Original Delivery Starting Brief

- Specify: Which evidence separates read-aloud pace from picture cues in this case? Specify the intended user, purpose and boundary.
- Clear: How does open question change the interpretation of emotional comfort? Clear material, rights, safety and authority concerns.
- Create: What boundary on follow-up activity must be checked before relying on reader interest? Create the work independently from traceable evidence.

For children and family reading, apply the method in a deliberate sequence: borrow no expression; extract a craft principle, draft independently and revise. The edition target is write an original response, so each entry should show what was noticed, what was tried and what changed.

Working step	What to record	Evidence or source	Status
Specify Read-Aloud Pace	Which evidence separates read-aloud pace from picture cues in this case?	Use brief / date	Open / checked
Clear Picture Cues	How does open question change the interpretation of emotional comfort?	Clearance / date	Open / checked
Create Open Question	What boundary on follow-up activity must be checked before relying on reader interest?	Original output / date	Open / checked
Challenge Emotional Comfort	Which observation links picture cues to follow-up activity, and what remains uncertain?	Independent review / date	Open / checked
Correct Follow-Up Activity	What alternative explanation could account for both emotional comfort and read-aloud pace?	Correction record / date	Open / checked
Release Reader Interest	What next check on reader interest would make the record about open question more useful?	Release record / date	Open / checked

Completion Standard

- Keep the work tied to children and family reading, not to a vague general intention.
- Apply this adjustment: paraphrase, cite minimal necessary evidence and develop a distinct idea
- Is the output original, traceable and suitable for its stated use?
- Expose this outcome risk if it appears: review is not independent.
- Use original notes and explanations; quote only when necessary, lawful and properly attributed.
- Ask a reader, educator, librarian, editor or rights adviser to challenge one material assumption where appropriate.
- Close with one decision and one follow-up rather than an unranked list of ideas.

Working Note

2	Record / Clear emotional comfort	How does open question change the interpretation of emotional comfort? Clear material, rights, safety and authority concerns.	Record / Clearance
3	Notice / Create follow-up activity	What boundary on follow-up activity must be checked before relying on reader interest? Create the work independently from traceable evidence.	Observation / Original output
4	Interpret / Challenge reader interest	Which observation links picture cues to follow-up activity, and what remains uncertain? Challenge accuracy, accessibility and unintended risk.	Meaning / Independent review
5	Synthesize / Correct read-aloud pace	What alternative explanation could account for both emotional comfort and read-aloud pace? Correct the evidenced gaps without copying a reference work.	Learning / Correction record
6	Commit / Release picture cues	What next check on reader interest would make the record about open question more useful? Release only with ownership, version and review details.	Commitment / Release record
