Drafting and Revision Close Reading Worksheet - Compare Two Perspectives

Drafting and Revision | Compare Two Perspectives | Asset ID BOOK-23-02-06

Purpose: This original printable close reading worksheet helps readers, book clubs, students, families and independent writers work with drafting and revision while pursuing one defined outcome: preserve meaningful differences between accounts. Its method is to locate, quote minimally, paraphrase and explain the relevance in original words. Use the pages as a working record, not as a substitute for the source text, edition details and qualified educational or rights guidance where those are needed.

Resource Map

The subject focus is to separate invention, structural revision and sentence editing into clear passes. The six working areas below define the scope for this specific resource. Complete only the rows that matter to the present reading session, and date any observation that may change.

#	Working area	Current evidence	Next check
1	Draft Purpose	Known / estimated / not checked	_____
2	Section Function	Known / estimated / not checked	_____
3	Continuity	Known / estimated / not checked	_____
4	Clarity	Known / estimated / not checked	_____
5	Voice Consistency	Known / estimated / not checked	_____
6	Proofreading	Known / estimated / not checked	_____

Robustness Starting Brief

- Anchor: Which evidence separates continuity from clarity in this case? Anchor the test with a clear baseline and intended use.
- Vary: How does voice consistency change the interpretation of proofreading? Vary one meaningful condition or perspective.
- Observe: What boundary on draft purpose must be checked before relying on section function? Observe what changes and what remains stable.
- Protect: Which observation links clarity to draft purpose, and what remains uncertain? Protect the essential boundary while testing alternatives.
- Evaluate: What alternative explanation could account for both proofreading and continuity? Evaluate whether the method still serves its purpose.
- Edition success means: explain agreement, difference and one unresolved issue

Close Reading Worksheet

This format is designed to capture selective observations before forming an interpretation. For drafting and revision, apply the method in a deliberate sequence: locate, quote minimally, paraphrase and explain the relevance in original words. The edition target is compare two perspectives, so each entry should show what was noticed, what was tried and what changed.

Working step	What to record	Evidence or source	Status
Anchor Continuity	Which evidence separates continuity from clarity in this case?	Anchor case / date	Open / checked
Vary Clarity	How does voice consistency change the interpretation of proofreading?	Challenge condition / date	Open / checked
Observe Voice Consistency	What boundary on draft purpose must be checked before relying on section function?	Response / date	Open / checked
Protect Proofreading	Which observation links clarity to draft purpose, and what remains uncertain?	Invariant / date	Open / checked
Evaluate Draft Purpose	What alternative explanation could account for both proofreading and continuity?	Fitness review / date	Open / checked
Adapt Section Function	What next check on section function would make the record about voice consistency more useful?	Robustness decision / date	Open / checked

Completion Standard

- Keep the work tied to drafting and revision, not to a vague general intention.
- Apply this adjustment: compare the same question, context and evidence basis
- What remains dependable when one meaningful condition changes?
- Expose this outcome risk if it appears: adaptation is presented as universal proof.
- Use original notes and explanations; quote only when necessary, lawful and properly attributed.
- Ask a reader, educator, librarian, editor or rights adviser to challenge one material assumption where appropriate.
- Close with one decision and one follow-up rather than an unranked list of ideas.

Working Note

Edition BOOK-23-02-06 pairs close reading worksheet with the outcome 'Compare Two Perspectives'. That pairing is the boundary for this workbook: material that does not help that outcome belongs in a separate record.

Evidence x Robustness Focused Practice Lab

This lab pairs a evidence method with a robustness outcome lens. Work through the six actions to turn the subject focus - separate invention, structural revision and sentence editing into clear passes - into evidence for compare two perspectives. Preserve any gap that prevents a supported conclusion.

#	Action	Constraint	Record
1	Collect / Anchor draft purpose	Which evidence separates continuity from clarity in this case? Anchor the test with a clear baseline and intended use.	Evidence list / Anchor case
2	Classify / Vary section function	How does voice consistency change the interpretation of proofreading? Vary one meaningful condition or perspective.	Source / Challenge condition
3	Trace / Observe continuity	What boundary on draft purpose must be checked before relying on section function? Observe what changes and what remains stable.	Trace / Response
4	Verify / Protect clarity	Which observation links clarity to draft purpose, and what remains uncertain? Protect the essential boundary while testing alternatives.	Verification / Invariant
5	Reconcile / Evaluate voice consistency	What alternative explanation could account for both proofreading and continuity? Evaluate whether the method still serves its purpose.	Exception / Fitness review
6	Approve / Adapt proofreading	What next check on section function would make the record about voice consistency more useful? Adapt the plan without overstating the result.	Sign-off / Robustness decision

Common Failure Modes

- For draft purpose, watch for the source has no date together with the baseline is weak.
- For section function, watch for the evidence is second-hand together with too many conditions vary.
- For continuity, watch for two records disagree together with the response is selectively recorded.
- For clarity, watch for a value lacks units together with an essential boundary is sacrificed.
- For voice consistency, watch for the context has changed together with fitness is judged by preference.

Independent Review Question

Format question: Which source is strongest for this decision, and what limitation remains? Outcome question: What remains dependable when one meaningful condition changes? Ask a reader, educator, librarian, editor or rights adviser where appropriate, then answer before the next reading session: _____

Reading Session Plan for Compare Two Perspectives

Source and Evidence Reconciliation - Robustness Lens

This comparison tests drafting and revision against compare two perspectives through two independent questions. Format: Which source is strongest for this decision, and what limitation remains? Outcome: What remains dependable when one meaningful condition changes? Record material setting differences instead of averaging them away.

Voice Consistency	_____	_____	What boundary on draft purpose must be checked before relying on section function?

Evidence Confidence Check

- Anchor case: what was actually seen, heard, measured or read?
- Format evidence: which record best demonstrates sources identified?
- Outcome evidence: which record best demonstrates adaptations justified?
- Challenge: could the response is selectively recorded explain the result?
- Subject boundary: what does this comparison leave unresolved about continuity?

Evidence x Robustness Scenario Cards

Use these paired scenarios to rehearse judgement for compare two perspectives. Each card joins a evidence failure mode to an outcome-specific risk. State what remains open and which evidence named in the final column should be collected next.

#	Situation	Review question	Decision
1	Continuity: the source has no date.	Which evidence separates continuity from clarity in this case?	Anchor case

4	Proofreading: a value lacks units.	Which observation links clarity to draft purpose, and what remains uncertain?	Invariant
5	Draft Purpose: the context has changed.	What alternative explanation could account for both proofreading and continuity?	Fitness review

Interpret the Trend

- I changed one meaningful condition while protecting the essential boundary.
- I limited the conclusion to the conditions that were actually tested.
- Keep the method only when the evidence for compare two perspectives improves without hiding the response is selectively recorded.
- Which evidence separates continuity from clarity in this case?
- Use a reader, educator, librarian, editor or rights adviser when the evidence crosses a safety, rights, health or authority boundary.

Evidence x Robustness Next Step Plan

Finish by turning the paired format and outcome record into one owned action. For this close reading worksheet, the intended result was compare two perspectives; the outcome test is: What remains dependable when one meaningful condition changes? The close-out standard remains: explain agreement, difference and one unresolved issue.

Close-out field	Record
Most useful evidence	_____
Important limitation	_____
Decision	Keep / adapt / pause / seek review

Completion Review

- Subject check: Which evidence separates continuity from clarity in this case?
- Subject check: How does voice consistency change the interpretation of proofreading?
- Format check: I left disputed or missing evidence visibly unresolved.
- Outcome check: I limited the conclusion to the conditions that were actually tested.
- I used only brief necessary quotations and attributed them appropriately.
- I kept summary, interpretation and the source author's expression clearly separate.
