Drafting and Revision Close Reading Worksheet - Review Reading Progress

Drafting and Revision | Review Reading Progress | Asset ID BOOK-23-02-10

Purpose: This original printable close reading worksheet helps readers, book clubs, students, families and independent writers work with drafting and revision while pursuing one defined outcome: use records to choose the next reading goal. Its method is to locate, quote minimally, paraphrase and explain the relevance in original words. Use the pages as a working record, not as a substitute for the source text, edition details and qualified educational or rights guidance where those are needed.

Resource Map

The subject focus is to separate invention, structural revision and sentence editing into clear passes. The six working areas below define the scope for this specific resource. Complete only the rows that matter to the present reading session, and date any observation that may change.

#	Working area	Current evidence	Next check
1	Draft Purpose	Known / estimated / not checked	_____
2	Section Function	Known / estimated / not checked	_____
3	Continuity	Known / estimated / not checked	_____
4	Clarity	Known / estimated / not checked	_____
5	Voice Consistency	Known / estimated / not checked	_____
6	Proofreading	Known / estimated / not checked	_____

Learning and Adaptation Starting Brief

- Gather: Which evidence separates draft purpose from section function in this case? Gather enough records to review the work fairly.
- Align: How does continuity change the interpretation of clarity? Align dates, conditions and measures before comparison.
- Detect: What boundary on voice consistency must be checked before relying on proofreading? Detect a repeated strength, gap or turning point.
- Explain: Which observation links section function to voice consistency, and what remains uncertain? Explain the pattern without hiding contradictory evidence.
- Prioritise: What alternative explanation could account for both clarity and draft purpose? Prioritise one adjustment with the highest useful value.
- Edition success means: select one evidence-based adjustment for the next cycle

Close Reading Worksheet

This format is designed to capture selective observations before forming an interpretation. For drafting and revision, apply the method in a deliberate sequence: locate, quote minimally, paraphrase and explain the relevance in original words. The edition target is review reading progress, so each entry should show what was noticed, what was tried and what changed.

Working step	What to record	Evidence or source	Status
Gather Draft Purpose	Which evidence separates draft purpose from section function in this case?	Review set / date	Open / checked
Align Section Function	How does continuity change the interpretation of clarity?	Comparable record / date	Open / checked
Detect Continuity	What boundary on voice consistency must be checked before relying on proofreading?	Learning pattern / date	Open / checked
Explain Clarity	Which observation links section function to voice consistency, and what remains uncertain?	Bounded explanation / date	Open / checked
Prioritise Voice Consistency	What alternative explanation could account for both clarity and draft purpose?	Next priority / date	Open / checked
Schedule Proofreading	What next check on proofreading would make the record about continuity more useful?	Review date / date	Open / checked

Completion Standard

- Keep the work tied to drafting and revision, not to a vague general intention.
- Apply this adjustment: compare planned sessions, completed sessions and retained learning
- Which single adjustment is best supported by the complete review record?
- Expose this outcome risk if it appears: the next review has no date or owner.
- Use original notes and explanations; quote only when necessary, lawful and properly attributed.
- Ask a reader, educator, librarian, editor or rights adviser to challenge one material assumption where appropriate.
- Close with one decision and one follow-up rather than an unranked list of ideas.

Working Note

Edition BOOK-23-02-10 pairs close reading worksheet with the outcome 'Review Reading Progress'. That pairing is the boundary for this workbook: material that does not help that outcome belongs in a separate record.

Evidence x Learning and Adaptation Focused Practice Lab

This lab pairs a evidence method with a learning and adaptation outcome lens. Work through the six actions to turn the subject focus - separate invention, structural revision and sentence editing into clear passes - into evidence for review reading progress. Preserve any gap that prevents a supported conclusion.

#	Action	Constraint	Record
1	Collect / Gather voice consistency	Which evidence separates draft purpose from section function in this case? Gather enough records to review the work fairly.	Evidence list / Review set
2	Classify / Align proofreading	How does continuity change the interpretation of clarity? Align dates, conditions and measures before comparison.	Source / Comparable record
3	Trace / Detect draft purpose	What boundary on voice consistency must be checked before relying on proofreading? Detect a repeated strength, gap or turning point.	Trace / Learning pattern
4	Verify / Explain section function	Which observation links section function to voice consistency, and what remains uncertain? Explain the pattern without hiding contradictory evidence.	Verification / Bounded explanation
5	Reconcile / Prioritise continuity	What alternative explanation could account for both clarity and draft purpose? Prioritise one adjustment with the highest useful value.	Exception / Next priority
6	Approve / Schedule clarity	What next check on proofreading would make the record about continuity more useful? Schedule the next check and preserve the review trail.	Sign-off / Review date

Common Failure Modes

- For voice consistency, watch for the source has no date together with the review set is selective.
- For proofreading, watch for the evidence is second-hand together with unlike records are compared.
- For draft purpose, watch for two records disagree together with noise is mistaken for a pattern.
- For section function, watch for a value lacks units together with contradictory evidence is omitted.
- For continuity, watch for the context has changed together with too many adjustments are prioritised.

Independent Review Question

Format question: Which source is strongest for this decision, and what limitation remains? Outcome question: Which single adjustment is best supported by the complete review record? Ask a reader, educator, librarian, editor or rights adviser where appropriate, then answer before the next reading session: _____

Reading Session Plan for Review Reading Progress

Use one defined reading session to test the outcome rather than attempting every possible task. This edition pairs evidence with learning and adaptation to pursue this objective: use records to choose the next reading goal. Preserve the starting condition and both evidence trails.

Plan field	Entry
Purpose	Review Reading Progress
Starting condition	_____
Chosen working area	_____
Bounded explanation	compare planned sessions, completed sessions and retained learning
Evidence to capture	_____
Stop or review condition	_____

Thirty Minute Reading Shape

Stage	Action	Evidence
0-5 min	Which evidence separates draft purpose from section function in this case? Identify the evidence required.	Evidence list / Review set
5-10 min	How does continuity change the interpretation of clarity? Collect one traceable record.	Source / Comparable record
10-18 min	What boundary on voice consistency must be checked before relying on proofreading? Label its date, owner and context.	Trace / Learning pattern
18-24 min	Which observation links section function to voice consistency, and what remains uncertain? Cross-check the material independently.	Verification / Bounded explanation
24-27 min	What alternative explanation could account for both clarity and draft purpose? Resolve or expose one gap.	Exception / Next priority
27-30 min	What next check on proofreading would make the record about continuity more useful? Record the supported conclusion.	Sign-off / Review date

Evidence Record Log

Evidence Record	Condition	Observation	Decision
1	Same / changed	_____	Keep / change / check
2	Same / changed	_____	Keep / change / check
3	Same / changed	_____	Keep / change / check
4	Same / changed	_____	Keep / change / check
5	Same / changed	_____	Keep / change / check

Source and Evidence Reconciliation - Learning and Adaptation Lens

This comparison tests drafting and revision against review reading progress through two independent questions. Format: Which source is strongest for this decision, and what limitation remains? Outcome: Which single adjustment is best supported by the complete review record? Record material setting differences instead of averaging them away.

Evidence area	Baseline	Alternative	Interpretation prompt
Continuity	_____	_____	Which evidence separates draft purpose from section function in this case?
Clarity	_____	_____	How does continuity change the interpretation of clarity?
Voice Consistency	_____	_____	What boundary on voice consistency must be checked before relying on proofreading?
Proofreading	_____	_____	Which observation links section function to voice consistency, and what remains uncertain?
Draft Purpose	_____	_____	What alternative explanation could account for both clarity and draft purpose?
Section Function	_____	_____	What next check on proofreading would make the record about continuity more useful?

Format Decision Test

Field	Record
Review question	Which source is strongest for this decision, and what limitation remains?
Outcome question	Which single adjustment is best supported by the complete review record?
Acceptance lens	select one evidence-based adjustment for the next cycle
Conditions held steady	_____
Evidence supporting the choice	_____
Evidence against the choice	_____

Evidence Confidence Check

- Review set: what was actually seen, heard, measured or read?
- Format evidence: which record best demonstrates exceptions resolved?
- Outcome evidence: which record best demonstrates reviews scheduled?
- Challenge: could noise is mistaken for a pattern explain the result?
- Subject boundary: what does this comparison leave unresolved about draft purpose?

Evidence x Learning and Adaptation Scenario Cards

Use these paired scenarios to rehearse judgement for review reading progress. Each card joins a evidence failure mode to an outcome-specific risk. State what remains open and which evidence named in the final column should be collected next.

#	Situation	Review question	Decision
1	Draft Purpose: the context has changed.	Which evidence separates draft purpose from section function in this case?	Review set
2	Section Function: approval is missing.	How does continuity change the interpretation of clarity?	Comparable record
3	Continuity: the source has no date.	What boundary on voice consistency must be checked before relying on proofreading?	Learning pattern
4	Clarity: the evidence is second-hand.	Which observation links section function to voice consistency, and what remains uncertain?	Bounded explanation
5	Voice Consistency: two records disagree.	What alternative explanation could account for both clarity and draft purpose?	Next priority
6	Proofreading: a value lacks units.	What next check on proofreading would make the record about continuity more useful?	Review date

Decision Record

Field	Notes
Chosen format scenario	_____
Outcome lens	Which single adjustment is best supported by the complete review record?
Evidence available	_____
Evidence missing	_____
Controlled next step	_____
Person / review date	_____

Eight Evidence and Learning and Adaptation Evidence Tracker

Track review reading progress across eight reading sessions using the evidence method and the learning and adaptation outcome lens. Keep conditions visible and use this review question: Which single adjustment is best supported by the complete review record?

#	Focus	Condition	Result	Next action
1	Clarity	_____	_____	_____
2	Voice Consistency	_____	_____	_____
3	Proofreading	_____	_____	_____
4	Draft Purpose	_____	_____	_____
5	Section Function	_____	_____	_____
6	Continuity	_____	_____	_____
7	Clarity	_____	_____	_____
8	Voice Consistency	_____	_____	_____

Evidence Evidence Dashboard

Measure	Baseline	Current	Evidence location
Draft Purpose: Sources Identified / Records Gathered	_____	_____	_____
Section Function: Dates Captured / Conditions Aligned	_____	_____	_____
Continuity: Records Traced / Patterns Detected	_____	_____	_____
Clarity: Cross-Checks Completed / Explanations Qualified	_____	_____	_____
Voice Consistency: Exceptions Resolved / Adjustments Prioritised	_____	_____	_____
Proofreading: Conclusions Supported / Reviews Scheduled	_____	_____	_____

Interpret the Trend

- I included evidence that challenged the most convenient explanation.
- I selected one next adjustment and scheduled when it will be reviewed.
- Keep the method only when the evidence for review reading progress improves without hiding noise is mistaken for a pattern.
- What alternative explanation could account for both clarity and draft purpose?
- Use a reader, educator, librarian, editor or rights adviser when the evidence crosses a safety, rights, health or authority boundary.

Evidence x Learning and Adaptation Next Step Plan

Finish by turning the paired format and outcome record into one owned action. For this close reading worksheet, the intended result was review reading progress; the outcome test is: Which single adjustment is best supported by the complete review record? The close-out standard remains: select one evidence-based adjustment for the next cycle.

Close-out field	Record
Most useful evidence	_____
Important limitation	_____
Decision	Keep / adapt / pause / seek review
Next action	_____
Owner and date	_____
Evidence location	_____

Completion Review

- Subject check: Which evidence separates draft purpose from section function in this case?
- Subject check: How does continuity change the interpretation of clarity?
- Format check: I left disputed or missing evidence visibly unresolved.
- Outcome check: I selected one next adjustment and scheduled when it will be reviewed.
- I used only brief necessary quotations and attributed them appropriately.
- I kept summary, interpretation and the source author's expression clearly separate.

Originality and Responsible Use

Original independent resource. This reading, discussion and original writing aid was written specifically for asset BOOK-23-02-10. It does not reproduce a book passage, manual, official form, commercial question bank, branded training plan, broadcast, photograph, logo, artwork, map, proprietary diagram or third-party worksheet. Any user-added quotation, image, question or source material remains the user's responsibility and may require attribution or permission.

Educational use only. Verify current facts, rules, competition requirements, local regulations, health and safety conditions with authoritative sources and a suitably qualified person where consequences matter. This workbook does not grant approval, certification, legal rights or permission to use third-party material.
