Responsible Original Delivery Starting Brief

- Clear: How does turning points change the interpretation of cause and effect? Clear material, rights, safety and authority concerns.

For fiction reading, apply the method in a deliberate sequence: summarise in original words, identify one insight and name the next question. The edition target is write an original response, so each entry should show what was noticed, what was tried and what changed.

Specify Narrator And Viewpoint	Which evidence separates narrator and viewpoint from character aims in this case?	Use brief / date	Open / checked
Clear Character Aims	How does turning points change the interpretation of cause and effect?	Clearance / date	Open / checked
Create Turning Points	What boundary on patterns and motifs must be checked before relying on ending response?	Original output / date	Open / checked
Challenge Cause And Effect	Which observation links character aims to patterns and motifs, and what remains uncertain?	Independent review / date	Open / checked
Correct Patterns And Motifs	What alternative explanation could account for both cause and effect and narrator and viewpoint?	Correction record / date	Open / checked
Release Ending Response	What next check on ending response would make the record about turning points more useful?	Release record / date	Open / checked

Completion Standard

- Keep the work tied to fiction reading, not to a vague general intention.
- Apply this adjustment: paraphrase, cite minimal necessary evidence and develop a distinct idea
- Is the output original, traceable and suitable for its stated use?
- Expose this outcome risk if it appears: the work imitates a source.
- Use original notes and explanations; quote only when necessary, lawful and properly attributed.
- Ask a reader, educator, librarian, editor or rights adviser to challenge one material assumption where appropriate.
- Close with one decision and one follow-up rather than an unranked list of ideas.

Working Note

Edition BOOK-02-09-09 pairs reading reflection journal with the outcome 'Write an Original Response'. That pairing is the boundary for this workbook: material that does not help that outcome belongs in a separate record.

Facilitation and Handover x Responsible Original Delivery Focused Practice Lab

This lab pairs a facilitation and handover method with a responsible original delivery outcome lens. Work through the six actions to turn the subject focus - follow an invented narrative without borrowing its protected expression - into evidence for write an original response. Preserve any gap that prevents a supported conclusion.

#	Action	Constraint	Record
1	Brief / Specify cause and effect	Which evidence separates narrator and viewpoint from character aims in this case? Specify the intended user, purpose and boundary.	Brief / Use brief
2	Assign / Clear patterns and motifs	How does turning points change the interpretation of cause and effect? Clear material, rights, safety and authority concerns.	Roles / Clearance
3	Demonstrate / Create ending response	What boundary on patterns and motifs must be checked before relying on ending response? Create the work independently from traceable evidence.	Demonstration / Original output
4	Monitor / Challenge narrator and viewpoint	Which observation links character aims to patterns and motifs, and what remains uncertain? Challenge accuracy, accessibility and unintended risk.	Observation / Independent review
5	Resolve / Correct character aims	What alternative explanation could account for both cause and effect and narrator and viewpoint? Correct the evidenced gaps without copying a reference work.	Resolution / Correction record
6	Handover / Release turning points	What next check on ending response would make the record about turning points more useful? Release only with ownership, version and review details.	Handover / Release record
